Join us for Design Day 2015, an annual all-day celebration of innovation and design in the service of human health. Over 20 teams will be presenting high impact solutions to some of the world’s most pressing healthcare challenges. The program includes formal presentations plus plenty of time to speak to the teams and handle and discuss prototypes. Plus lots of fun: Team Awards, “People’s Choice” Awards, and great food! And of course an amazing Keynote Address.
