Assistant Professor Position, Bioengineering - Tenure Track
NC A&T State University

The College of Engineering at North Carolina A & T State University invites applications for a 9-month tenure track faculty position in the Department of Chemical, Biological and Bioengineering. The selected candidate will conduct research, teaching and service in bioengineering or a closely-related field. The areas of expertise are open encompassing all research areas of the bioengineering field.

North Carolina A & T State University is a public land grant university that enrolls nearly 11,000 students. The College of Engineering, with over 1,700 students, has EAC ABET accredited undergraduate programs in Architectural, Biological, Civil, Chemical, Computer, Electrical, Industrial, and Mechanical Engineering, as well as Bioengineering, and has a CAC ABET-accredited undergraduate program in Computer Science. The College has 8 Masters of Science Degree programs, and 5 Doctoral programs. Additional information about the College and the University can be found at http://www.ncat.edu/.

Successful applicants must possess the PhD degree in Bioengineering, Biomedical Engineering or a related field at the time of anticipated appointment date, experience indicating excellent potential to conduct cutting edge research in chemical, biological or bioengineering, and ability to teach undergraduate and graduate courses in the Department’s chemical engineering or bioengineering programs. Applications are sought from individuals with multidisciplinary research experience in areas such as materials for design of biological tissues and organs, advanced bioimaging, biomanufacturing, computational approaches to molecular and biochemical engineering, and synthetic biosystems engineering using molecular genetics and advanced bioinformatics. The selected candidate will be expected to develop an externally-funded research program and must be able to teach in the newly-accredited undergraduate Bioengineering program and in the graduate Bioengineering program.

The position is available August 2017. Special Instructions to Applicant: Applications are to be submitted at https://jobs.ncat.edu/. You must complete and submit an electronic application for employment to be considered (Position Number: 001579). Resumes/ CV’s will not be accepted in lieu of completing an electronic application. North Carolina A&T State University participates in E-Verify. Federal law requires all employers to verify the identity and employment eligibility of all persons hired to work in the United States. NCA&T does not discriminate against any person on the basis of age, color, disability, gender identity, genetic information, national origin, race, religion, sex, sexual orientation, veteran status, or any other basis protected by law.
