

# Roundtable Discussion with Dr. Kelvin Liu

Thursday, Nov. 8, 12 - 1 PM  
Clark Hall 110, Homewood campus

## Highlights:

- ✓ JHU BME PhD alumni
- ✓ Career journey in bio-tech startup
- ✓ Experience in entrepreneurship

Join us for a JHU BME PhD alumni talk with Dr. Kelvin Liu as he shares his career journey in bio-tech startup. Dr. Kelvin Liu is currently the CEO and founder of Circulomics Inc.

After graduation, Kelvin started his company as part of the JHU's FastForward Accelerator, and has successfully raised \$8M to develop novel micro- and nanotechnology in genomic research and clinical diagnostics. Kelvin is passionate to share his career journey and his experience in entrepreneurship with us at this event.
