

Lunch with Industry Leader -- Dr. Roger M. Perlmutter

Tuesday, Jan. 15, 12-1 PM
Talbot Library (Traylor 709, SOM)

Highlight:

- ✓ Conversation with industry leader in a casual setting
- ✓ Executive vice president of Merck

Dr. Roger M. Perlmutter is the executive vice president of Merck & Co. and president of Merck Research Laboratories. He received his MD and PhD from Washington University in St. Louis in 1979. Later on, he joined Caltech in 1981, and the

University of Washington in 1984, where he was the founding chair of the immunology department.

After spending 20 years in academia, Dr. Perlmutter shifted his career toward industry and joined Merck. Want to know more about his career path and one of the largest pharmaceutical companies? Join us on Jan. 15 for the lunch.
