Computing (3)

An introductory programming course must be taken (see handbook for approved courses).

580.200, 600.107 are typical			

* Note: Students will be enrolled via a Blackboard Community page beginning Sophomore fall and every semester throughout their remaining semesters in the program.

** Note: Pick 2 courses (CTE Lab, RNA Sequencing, Neuro Lab, or Build an Imager)

*** Note: Completion sequence of required math courses is based on student's placement from AP and/or transfer credit. See sample programs for more information.

**** Note: Students planning to minor or double major in AMS should take the separate Linear Algebra (AS.110.201) and Differential Equations (AS.110.302).

Other Notes:

- Fr = Freshman, So = Sophomore, Jn = Junior, Sn = Senior, F = Fall, S = Spring, by = take before that semester.
- Semesters that have already been typed in are the recommended ones for that particular course.
