BME COVID-19 SEMINAR SERIES

Shirlee Wohl, PhD
Postdoctoral Researcher at Johns Hopkins
Bloomberg School of Public Health

Date: Monday, September 14th, 2020
Time: 1:30 p.m.
Location: Virtual – Zoom

Faculty Host: Winston Timp, PhD

Bio: Shirlee Wohl is a postdoctoral fellow in the Department of Epidemiology at the Johns Hopkins Bloomberg School of Public Health. She is interested in using genomic epidemiology to track the spread of infectious diseases. Her research in the ID Dynamics group focuses on understanding the transmission of cholera and developing methods to integrate pathogen sequence data and epidemiological models. Shirlee completed her PhD in Systems Biology at Harvard University in 2018, where she used phylogenetic methods to understand viral transmission during outbreaks.
